[Verse 1]

Down on my knees, with my face to the ground
I hear what You say, but my heart feels the pain

[Chorus]

I still will follow, I still will worship
I'll live my life for You
I still will love You, I still will serve You
I'll live my life for You

[Verse 2]

My flesh may be weak, but my God You're beside me
I'll do what You say, not my will but Yours be done

[Verse 3]

Rise to my feet, with my face to the Son
I love what You say and my heart feels Your peace

[Bridge]

I'm living for You
Today, tomorrow and forever
I will follow You
No matter what it costs

No matter what it costs
For You are worthy
You are my prize, You're my reward
